10:04:13 From Salim Meghjee to Everyone:

are these copyrights or we can use these in our own hospital intranet for patient and staff use?

10:12:42 From Anna Alderslade to Everyone:

Their resources are downloadable and free for patients. Healthcare professionals can order up to 50 copies of each of the hard copy booklets for free.

It will likely have some intellectual copyrights applied to it so it may be a case of just asking for a redirect link to the ALUK website for staff to access.

10:22:15 From Salim Meghjee to Everyone:

can we have PDF versions to put in intranet as days of hard copies are difficult now and there are so many booklets?

10:23:38 From Theresa Harvey-Dunstan to Everyone:

SOPS also available in respiratory futures
